**IMPORTANT!!**

\*When installing blades you MUST torque bolts to 35 ft. lbs. Loose bolts will allow the trunion to rotate in the blade causing trunion and blade failure.

\*When installing rotor in chopper case, lock the bearing collar in the same direction that the shaft rotates. Improper locking will cause shaft failure.

**TSR STRAW CHOPPER**

Effective 01/01/2019 \* OEM #'s are for reference only

### 1 50 Series STS Straw Choppers (replacement only)
